## **Accessing the Wisdom of Nature. Making Contact with the Spirit of Feng Shui**

**By Christan Hummel**

In a workshop in Sedona, our group did an exercise while in an 8-sided outdoor gazebo. Looking at the shape of the gazebo, I was spontaneously guided to try something new. In the workshops, I teach how to make direct contact with this Spirit of Nature, or devic realms. In this workshop, I asked each person to go toward one of the sides of the 8-sided gazebo. Then, I asked them to clear their mind of anything previously read or learned about what that side of the trigram they were standing in represented in feng shui. We then did a simple meditation, and after centering ourselves each person in the group invited the Being representing their side of the bagua to make contact with them.

When I tuned into the consciousness of the area of the bagua where I was, the career position, I was quite surprised by what I found! There was a very powerful Being in this face of the gazebo, quite tall and impressive, which I was amazed to see. I was taken aback by this as I had underestimated the power of these Beings, having thought of them all these years as diagrams on a piece of paper telling me where to put my wind chimes or mirrors. Each person then requested the wisdom held by that particular Being in the side of the bagua they were contacting. I wasn't sure what would happen, but we were just having fun and were very open-minded, which I've found to be the key to accessing these inner realms. After about five minutes of this exercise, we came together and shared what we learned. To my astonishment, every person in the group received a "message" totally tailored to their specific situation. Even those who claimed that they've never seen or heard things inwardly received one of their first inner messages. Although the messages were all quite unconventional in terms of what the feng shui books would prescribe, a feng shui practitioner in the group shared how the messages were in fact related to the aspects of the bagua that we were each contacting

inwardly. We each received individualized information about how that part of the bagua could help us in our lives instead of what a feng shui book would say about it. Were we in contact with the original "author" or spirit of the various feng shui texts? After all, feng shui means "wind and water" -- aligning with the forces of nature and with the Heavens. Sometimes we forget that feng shui is an art of divination. If not from Nature, then from whom does feng shui divine?

This experience made it clear to me that the bagua of feng shui was an "entity" that had a consciousness. As such, it could be accessed for information. Accessing this consciousness directly could take a person beyond the book learning, and rules of feng shui taught today.

This is similar to what Machel Small Wright discovered in her gardens of Perelandra. In her *Perelandra Garden Workbook*, she relates how she contacted the consciousness of the plants directly to access their wisdom regarding what they needed. While the information obtained defied traditional gardening books, it was very successful nonetheless. In much the same way, Luther Burbank, after which the California town was named, trained cacti and roses to grow without thorns by talking to the consciousness of the plants. Is this how the Shamans of the Amazon Rainforest say they learned about the "medicine" of a plant, by journeying to the other worlds and contacting the spirit of the plants to learn their wisdom of how they are to be used? And isn't that what Native American cultures do when they address the Spirit of the Four Directions?

They believe the Spirit of the North has a consciousness, as do each of the other directions, and their wisdom and strength can be accessed when invoked. Similarly, could there be a Being that holds the wisdom of Feng Shui itself? If so, then by accessing this "Spirit of Feng Shui" we gain access to that wisdom directly.

## Mustangs in the Clouds, a true experience

By Craig C. Downer

*Peering over the Pine Nut Mountains  
One blustery midsummer afternoon  
Back in the roaring '90's,  
I beheld seven wild horses  
In exquisitely sculpted white cloud forms.  
Spanning a thousand feet or more.  
Aligned with rumps and flowing tails to  
West  
And gallant heads and flowing manes to  
East,  
These marvels arched over  
The windswept 9,000-foot N-S Pine Nut  
spine.  
They leapt in graceful unison  
And with the blessed ease  
Of pure and liberated spirits.  
Though I dashed into my home  
To get my camera,  
By the time I returned  
They had vanished into thin air.  
Presences manifest from higher  
dimension? I ask ye.  
Yes, I think so.*

*For many years since childhood,  
I have observed these physically incarnate  
wonders*

*Of flesh and bone, hide and mane,  
And their more subtle effects.*

*Through many ups and downs:*

*Brutal round-ups, shootings,  
water and forage deprivations*

*Perpetuated by greedy, devil-may-care  
man,*

*They have endured.*

*And if ever a group*

*Deserved to live free*

*Upon our North American continent*

*It is they!*

*These multi-million-year natives are  
living symbols of freedom par*

*excellence shining forth for*

*all of us to see.*

*And by allowing them to so live we*

*In human form shall ourselves from  
selfishness,*

*-- From pettiness of identification --*

*Wrest free!*

## **The Unfolding Wonder of August**

**By Patricia Diane Cota-Robles**

Time is flying by and the I AM Presence within every man, woman, and child is raising the vibrations of our physical, etheric, mental, and emotional bodies the maximum that we can withstand in every 24 hour period. This is a very necessary part of the monumental unfolding Divine Plan that will take place in August. During the week of August 13-18, 2011, the world will experience a monumental influx of our NEWLY created Planetary CAUSE of Divine Love. This unprecedented influx of Light will be secured in every person's Heart Flame by his or her I AM Presence. This facet of the Divine Plan will move ALL Life evolving on this planet a quantum leap toward our ultimate goal of Ascension into the 5th-Dimensional frequencies of Divine Love and Unity Consciousness.

Unfortunately, this acceleration of vibration is causing some physical and sometimes emotional stress for not only Lightworkers, but for the many people who are unaware of what is really happening on Earth. During this critical moment in the evolution of this planet, those of us who are aware of the opportunity at hand have a powerful responsibility to assist our sisters and brothers in the Family of Humanity. This includes you and me. We are ALL One, which means that you and I can literally serve as surrogates on behalf of every person on this planet. No matter how buried a Human Being may be in the painful outer-world circumstances of his or her life or how far one may be from realizing the profound Truth that he or she is a Beloved Child of God, you and I have the ability to make a significant difference that person's life. All we have to do is recognize that we are One with that precious soul and invoke the Light of God on his or her behalf.

The Universal Law is: "Ask and you shall receive." "Knock and the door will be opened." There is another Universal Law that states: "The call for assistance must come from the realm where the assistance is needed." These are nonnegotiable tenets of our sacred gift of Free Will. These Universal Laws mean that our I AM Presence and the Company of Heaven cannot intervene in our Earthly situations without our permission.

But remember, we are One with every other person abiding on this planet. There is no separation! That means that even if a person does not comprehend these Universal Laws or the urgent need of the hour, someone else who is abiding in the physical plane can invoke the I AM Presence of that person and the Company of Heaven for assistance on that person's behalf. We have been told by our Father-Mother God that it is time for awakening Humanity to be our brother and sister's keepers. This is not just a kind thing to do. This is a critical factor in order for the Divine Plan to succeed. Our intervention is vital if Earth and Humanity's Ascension up the spiral of evolution into the 5th-Dimensional Realms of God's Infinite Perfection is to be God Victoriously accomplished.

When we invoke the Light of God and ask the Company of Heaven and the I AM Presence of any person to

intervene in alignment with his or her Divine Plan and the Highest Good for all concerned, the floodgates of Heaven open in response to our heartfelt plea. We can do this any way our heart directs us to do it, but when we join together in one-pointed consciousness our efforts are amplified a thousand times a thousand fold.

To help us join together in one-pointed consciousness the Company of Heaven have given us very powerful invocations, meditations, and decrees. We have posted them throughout the years on our website in our free monthly newsletters, but now there is an urgency of the hour. As we move through these final weeks we can intensify our efforts by invoking the powerful tools in unison. To make this convenient for everyone we have produced a set of two CDs titled Physical Transformation. The Company of Heaven is asking us to begin using them to prepare our bodies and the bodies of every man, woman, and child on Earth at a cellular level to withstand the maximum influx of Light in August. For further information about the influx of light, the CD's and the 25<sup>th</sup> Annual Congress on Illumination log on to <http://eraofpeace.org>

### **Accessing the Wisdom of Nature. Making Contact with the Spirit of Feng Shui (continued from Page 1)**

If Nature can be compared to a woman, then surely we must realize that she has far too many mysteries to be confined to the static prescriptions, rules and formulas found in any book. While a book may serve as a guide, it cannot ever describe the dynamic forces of nature, which differ in each land and culture. What if we could access our own feng shui consultant in Nature Herself, who could guide us very specifically about how to best align with Her to create for harmony and balance? I've found in the countless space clearings I've done all over the world, that Nature will inevitable guide us toward the best solution for all concerned. People are often surprised to discover how easy it is to make contact, but after all, She is our true Mother, and She is always available for the asking.

There is a benefit from formal training in feng shui, from the wisdom that has been passed down from the ancestors through the ages. By developing our own co-creative relationship with the Nature Herself, we have direct access to that wisdom which goes beyond the books, beyond what is taught in feng shui schools. We then have a tool to solve any problem, and achieve the harmony with Nature that we are seeking, and from which all things are possible.

Christan Hummel travels internationally lecturing and teaching people how to access nature in a co-creative spirit. For more information about her work see: [www.earthtransitions.com](http://www.earthtransitions.com)
