VOLUME 7, ISSUE 6.

June 2012

June sees the UK's first ever international festival of environment, ideas, art and culture in Bristol. With 100 different events over nine days, organisers hope it will inspire the nation into "Green action". For further information log on to www.biggreenweek.com

A Message from Quan Yin **By Catherine Guinevere**

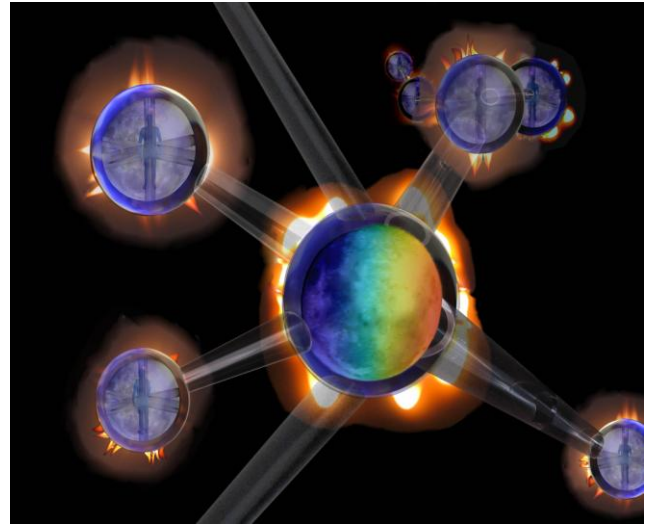

At certain times in the history of humanity, there has been a direct intervention from the high Spiritual Realms to ensure that a certain transition could take place. These were particularly geared towards those individuals who volunteered to be part of the planned journey of change and evolution to a new plane or indeed to a new world.

Such acts of creative intercession have sometimes occurred near the end of a cataclysmic cycle when an old order has become sufficiently corrupted and confused that societies could no longer evolve. These time periods have often been associated with environmental pollution and over population to an extent that constrained the Earth's very ability to breathe and were therefore unsustainable.

There have also been other initiatives not related to the necessary arrangements pertaining to the end of a cataclysmic cycle which focused instead on the creation of a new world of Love and Light to enable individual humans, who had fulfilled their curriculum of evolution and growth, to step directly into a new arena of life experience and, so to speak, "hit the ground running", without having to go through the usual death and reincarnation processes.

At this time of late Spring 2012, we in the spiritual worlds have in mind both these precedents of functional purpose as we move forwards with the implementation of our Fifth Dimensional (5D) Network (Dnet for short). Dnet is an organisational and energetic structure to enable those members of humanity, who choose to evolve to the new 5D Earth, to make the journey in relative safety and comfort notwithstanding a background of increasing chaos and destruction. It is in effect, a bridging mechanism that enables human beings to move from the current 3D earthly energetic vibration to the ascended 5D resonance.

Given the now very short time remaining before life as traditional incarnated humans becomes a high-risk option, we have ensured that our new Dnet creation is very straightforward to join and live joyfully within, provided there is a sincere heart-felt desire for each individual wishing to be part of the New Earth. That means giving the development of this new alignment

Above: A Dnet visualisation

priority over the myriad of non-essential distractions and diversions into which even those humans on the spiritual path sometimes choose to put their attention and energy.

One can make a start by taking time each day to create or visualise a sphere of loving light energy around you. Ask it to protect you against harmful and unwanted attachments, negative thought forms, bugs or entities, but to allow in freely the good energies of the Light. Then ask the sphere to make an outer shell diamond-hard, visualize fire all around the outside of it, a 3D cross inside of it centred on you and extending out to the shell of the sphere. Ask the sphere energy to make the shell impervious to harmful and unwanted attachments, entities or bugs but to stay open to the good energies of the Light. Visualize an inner sphere shell about 20% of the way inside the outer sphere and ask the energy to make the inner sphere shell also impervious to harmful and unwanted attachments, negative thought forms etc while being open to the good energies of the Light. Thank the loving Light energy.

Ask Gaia to open up inside you and the sphere and then thank her. Ask Yin (the red devic energy) to also open up inside you and your sphere and thank it. Ask Yang (the black devic energy) to also open up inside you and your sphere and thank it. In each case visualize it happening and simply overlay one on top of another. Once you have joined with everything, picture the sphere filled with bright white light. Further information about the Dnet may be found on the website www.fifthdimensionalnetwork.com

Quan Yin is a highly evolved Spiritual Master going back to the creation of the Golden Age of Atlantis. She is now a major force within the Divine Feminine and instrumental in the Earth's transition to 5th dimensional consciousness.

Arch Angel Uriel

By Chrissie Astell

One of the other most powerful energies known to us through our work with the angels is that of Archangel Uriel. (Sometimes this angel is confused with Ariel, and seen by some as the angel Auriel.)

However you personally 'feel' the energy and 'hear' the name, Uriel is one of the leading angels in non-canonical lore and given many different rankings; such as seraph, cherub, angel of the presence, presider over Hades (or Hell), the archangel of salvation, the regent of the sun and many more. All of which can be very confusing as these titles are sometimes given to Michael, and other angels too!

There are, in fact, several biblical references to this powerful angelic energy force and commonly Uriel is given the high ranking title of "fire of God" with his symbol often depicted in art as an open-ended flame. He is also sometimes acknowledged as the angel who stood at the gate of the lost Eden with his fiery sword. He is also said to be the angel of repentance and the angel who watches over thunder and terror. He is supposed to have been one of the angels identified as burying Adam and Abel in Paradise, and as the dark angel who wrestled with

Jacob at Peniel; as the messenger warning Noah of the impending flood; and the archangel who disclosed the mysteries of the heavenly arcana to Ezra. In his capacity to interpret scripture and prophecies he is the one reputed to be the giver of the Cabala to mankind, and led Abraham out of Ur. He is seen to be as powerful as the archangel Michael and a defender of the heavens leading the heavenly hosts into battle in the 'end days'. All powerful and weighty roles, yet also attributed in different texts to other angels too!

Uriel is also known by some to be one of the guardians of our beautiful planet the Mother Earth, Gaia, and can be called upon by those who wish to serve. Often closely aligned with the energies of St Francis we can petition Uriel in prayer. He is immensely powerful, yet gentle, pious and peaceful and it is in this capacity, in his role as peacemaker that we can ask Uriel to enter our affairs and enable us to work along side the angels of peace. For further information about angels and the work of Chrissie Astell log on to www.angellight.co.uk
