VOLUME 10, ISSUE 7.

July 2015

**J**uly and we welcome the Bridport Earth First group and Revolution to the Wessex network.

The Bridport Earth First group exists as a non-hierarchical organisation supporting the use of non-violent direct action to confront, stop and eventually reverse the forces that are responsible for the destruction of the Earth and its inhabitants. For further information email [bridportearthfirst@gmail.com](mailto:bridportearthfirst@gmail.com)

Revolution is based in Exeter and consists of a spiritual-cultural shop, holistic therapy centre and meeting room. Email Brendan De Vere Parnell at [revolutionexeter@hotmail.com](mailto:revolutionexeter@hotmail.com) for more information or telephone 01392 410759.

## **Clarity of Sky** By Tricia Davis

Our minds are full of stories and we create stories all the time. For example; you see a man stop in the middle of a path, your mind automatically immediately starts its story about the man: "that man stopped because he is not well / he has just forgotten something / he has a stone in his shoe / he has thought of somewhere else he needs to go etc; he looks young / uncouth / as if he is on drugs / worried / ill etc; he will probably turn around / keep going / block the path / do up his shoelace etc".

Our minds from early childhood become full of assumptions, suppositions and conclusions which clutter them up. We need to clear them out, like an untidy cupboard, letting go of all that accumulated clutter so that they can become clear again so when see a man stop in the middle of a path that is all we see; Just a man stopping on a pavement – that is all.

Throughout the day, every minute, our minds jump into and out of these stories. At night our minds in dreams are still story-making until our whole life becomes a story that you will tell another, and others will tell you theirs.

'Clarity of Sky' has no stories. Everything just is as it is. Meditation into the awareness of yourself in the present, begins to unravel the habit of story-telling:

'There is an ache in my stomach', – fact. No story about why or what will happen next – It Just Is; 'There is an emotion of agitation passing through my body', - fact. No story about why and what it may lead to – It Just Is; 'There is a thought passing across my mental screen "what shall I eat tonight" ', - fact. No story about what I have in the larder, shall I need to buy anything, have I time to cook it? – It Just Is.

In this way, just accepting each sensation, emotion, thought – just as they are – we help to de-clutter the mind, which is the source of our problems and suffering. Let them each just be / let them go – they are temporary (of linear time only) they will go and / or change if observed. If you grasp hold of them and make them into a story they become 'real' or a reality on a material level. There is no purpose, no meaning, no intention and no mission for any of this indeed they only become a hindrance in the development of one's spirituality.

We can think about this idea in terms of energy. Emotion is energy in motion. 'Quanta' is defined as a 'packet' / 'bubble' of energy / activity / 'happening' that appears to be a discrete, separate particle. It appears to be different from energy waves. It appears to be a solid entity with / of a different type. There are 'packets' / bubbles of energy nested within further packets / bubbles and so on and so on, in an infinite 'body' of nests, the qualities of bubbles resonating together in this Nest. Your physical body is such a nest; your body within another nest. Your birth and death are nothing except 'happenings within this nest.

Each bubble of energy has its own distinct quality / colour / note / texture etc. These are the particles / pixels making up your landscape / painting / life. When you see a painting (person / object / 'happening') your mind tells you a story about it and attaches a purpose, meaning, intention or mission that it thinks is involved. Each person's mind would have a different version, because their own quality is being involved in the 'happening' / activity of 'looking' – they are part of the trinity of the 'happening': looker / looking / looked at.

The sky has no purpose, meaning, intention or mission but is the manifestation of the fully cluttered cupboard that is the weather, so it is able to just look at the landscape / painting / life – As it is just space.

During regular meditation and also in daily living / 'happenings' (after much clearing and acquiring of clarity), you will be in the essence of your original mind (the mind that you had at birth) which is of a higher perspective. It is the mind of a clear sky, with no 'weather' and then true IN-sights, IN-spirations from beyond the sky will be able to shown to you and given to you; beyond the sky is no-mind.

Mind = thinking = either / or / and = branches of the Tree of Mind; No-mind = no thinking = root of the tree. You no longer think of stories / options / choices etc but respond / flow with / are in union with the idea of no-mind = Life, just like nature itself.

Thinking involves cultural dualities eg 'right thinking' and 'wrong thinking'; these are two sides of the one coin. The coin has no name because names are words and words belong to the mind. There are no words to explain the 'coin' or the beyond, because understanding is of the mind. No words of understanding, of explanation, are possible. There is no such 'thing' (object) as a mind, so you cannot have an 'empty' mind but you can go beyond mind into pure awareness / consciousness. You cannot have 'peace of mind' because there is no 'mind'; in going beyond mind you will find yourself as peace and joy.

It takes long practice, dedication, loving patience, and a sense of humour towards yourself before this can 'happen' – but it will.

**More on Landscape Zodiacs****By George Essence**

Further to last month's article on Landscape Zodiac's I would add that the gap between Aquarius and Pisces in the Glastonbury Zodiac could be a place for Pegasus, a white horse, a constellation well known in antiquity. If you adopt this suggestion temporarily, you find a "square" of equally well known constellations corresponding to the four seasons.

The well-known spring equinox sign gives its name to the "age", and determines the additional rising signs for the summer solstice, winter solstice and autumn equinox.

These turn out to be equally well known. They are at:

- 1: Pisces - Aquarius boundary
- 2: Sagittarius - Scorpio boundary
- 3: Leo - Virgo boundary
- 4: Gemini - Taurus boundary.

In 1 you have Pegasus, an astral travelling animal as ridden by Perseus; In 2 it's Ophiuchus; In 3 it's the Hydra, with Corvus on its tail; In 4 it's the "Summer Triangle" which is depicted in the Lascaux caves.

Ophiuchus is associated with the immortality granted to Noah in the Epic of Gilgamesh. The Hydra with the start of our present post-dilution "world" beginning in Leo. The Summer Triangle is associated with the age of Taurus, the age when the New Stone Age begins and the gods visit the earth.

I offer this suggestion as a possible clue to the mythology underlying the mysteries of the Neolithic, hinted at in the Epic of Gilgamesh.
