

# Wessex Research Group Network *Newsletter*

VOLUME 11, ISSUE 11.

November 2016

**N**ovember and we welcome Stella Wheildon to the Wessex network. Stella will be speaking and facilitating workshops in Glastonbury, London and Avebury during the month ahead. FFI contact Elmera by emailing [el\\_ebcryskull@yahoo.com](mailto:el_ebcryskull@yahoo.com)

## ***Cleverwater – Rainbow Serpent Law***

***By Stella Wheildon***

Within the binary cosmology linking all life into the Matristic Rainbow Serpent lore is the element of water.

For the Australian Origine peoples there are five waters...the salt, the fresh, the sky [rain], the earth [ground water aquifers] and then the fifth is the vast biological sea that runs through all of life on this planet which is seen as the sacred marriage between spirit and matter and referred to within the culture as 'clever water'. Everything on this blue planet is linked through the biological sea. It is the spiritual and physical relationship with all life forms.....every soul's totemic birth-right and obligation and lore's that come down from the stars.

The Matristic Rainbow Serpent Lore commences on the east coast and rises in the heavens above the ancestral volcano landscapes of the Ngarakbal and Githabul moieties. These two moieties are ancient marriage clans. Ngarakbal – Tweed Volcano – Grandmother landscape and Githabul – Focal Peak Volcano – Grandfather landscape. From the terrestrial union of these two volcano's flows the longest strongest river in Australia....The Murray Darling ....flowing all the way to the South Australian Bight.

This ancient water serpent lore is the basis of the Dreamtime culture of the celestial marriage lores for all the matristic moieties surviving on the continent; linking everyone to everything through the 'clever waters'. All life contains these 'clever waters'; tree's, bird's, animal's, fish, people and through these waters all are equal. The only thing separating us is our shape which the Origine peoples refer to as 'Skin'. Everything has skin, or form and every life form is filled with water, thus we are all interrelated. We are all just 'clever water'. All interrelationships, including marriage, are determined by grand celestial star cycles which govern all biological process of life upon the planet. In Australia, the driest land on the earth, the element of water and the consciousness of aligning it with all life force is an

intrinsic facet of the matristic lore's kinship and 'skin' linkages and the foundational element of all spirituality and healing; with all of life being given equal status as individual species on the tree of life. Every form is seen as a brother or sister, living in harmony with all of existence, observing natural rules of reciprocity and obligation as it was since the Dreaming. These lore's are written in the stars and etched into the vast southern continent as living lore, both celestially and terrestrially, in accordance with natural cycles and sequences. As above – so below

Right now these ancient matristic truths are at risk of being extinguished and assimilated into the patriarchal governance systems that administrate our entire planet....the same systems handed down from Rome....the same systems that systematically crushed and appropriated every matristic society from the past.

The last remaining flame of the Matristic Lore is the Australian Origine Lore of the Ngarakbal Githabul moieties.....a lore that is arguably the oldest unbroken culture on earth.....the lore of the Rainbow Serpent. Further information about Stella's Research can be found at <https://stellawheildon.com>

## Book Review: Autobiography of a Prophet

By Nada Yolanda

***“A true, modern saga, as dramatic as Moses before the Burning Bush and Saul on the Road to Damascus.”***

My unique contribution to the spiritual evolution of mankind in these Latter days is to show a progressive step by step development as it may occur in an average, normal, extremely analytical woman such as myself. Each experience of my life contributed to my unfoldment as a communications channel for the second coming of Christ Jesus and the second coming of Christ or cosmic consciousness to all mankind on Earth.

My life is a documentary of how man will go through the metamorphosis from mortal third dimensional consciousness into spiritual fourth dimensional expression. Spiritual students should examine, evaluate and understand thoroughly the arduous journey we each are destined to go through when the whole mind, body and soul are dedicated to the spiritual self, the I Am individuality as children of our Father-Mother creator.

In order to fully appreciate every event in my own life, it was important to reveal many past incarnations on this planet which had created the conditions I had to overcome. From that, the law of cause and effect, or karma is very clear and obvious. Whatever you put into motion – good or bad-by thought, word or deed comes back in like measure.

My autobiography is a graphic detailed history for all mankind to observe and from which to learn. A wise woman learns from other people's mistakes; a fool has to make his own.

*To promote an event or submit a contribution to the newsletter email Robert at [robertmulliss@btinternet.com](mailto:robertmulliss@btinternet.com) or log on to [www.wessexresearchgroup.org](http://www.wessexresearchgroup.org)*

The most important thing is to learn from the law of karma, as given in this autobiography, is that although I have failed my tests, fallen many times in various ages, been premature in my interpretations and actions, always Spirit, through my own I Am self, gave another opportunity somewhere, somehow, sometime for those mistakes to be rectified. Out of my soul crucifixion came my resurrection as Nada. For further information log on to [www.thenewearth.org/markage.html](http://www.thenewearth.org/markage.html)

## How Does Pilgrimage Help the Earth?

By Peter Dawkins

The old saying that every pilgrim leaves footprints of light that others might follow and add to, is no idle saying. The Earth can be turned into light through pilgrimage, and there is a science associated with how this is done.

Love is an energy, and all things including ourselves are built out of energy... If our energy is loving, then we affect other energy fields that we touch or move in with that love.

We can both give and receive love, in mutual benefit. In such a way a pilgrim's relationship with the Earth, with the landscape, can be a love relationship. Just like us, the Earth longs for such love and calls us to love her. The Earth in her love for us helps us towards illumination, and we can help her towards hers. That is the hidden purpose of pilgrimage – the so-called redemption of mankind and Nature, the raising of all to light, wherein Light is the “manifestation of Love.” Log on to <http://gatekeeper.org.uk> for information about the work of the Gatekeeper Trust.
